## Webinar on "3D Printing Technology"

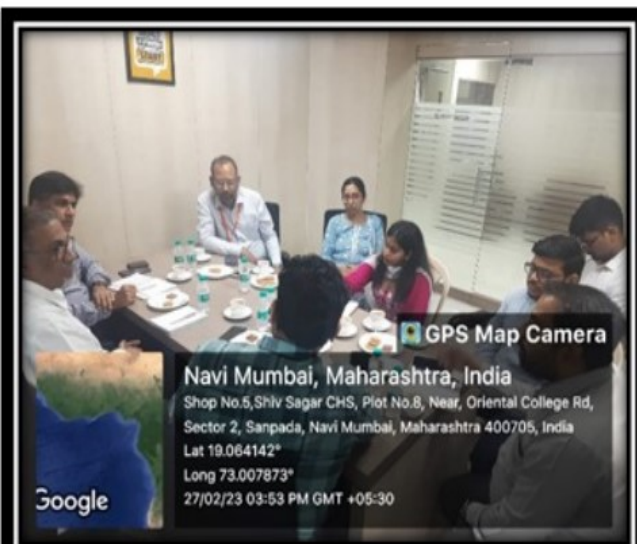

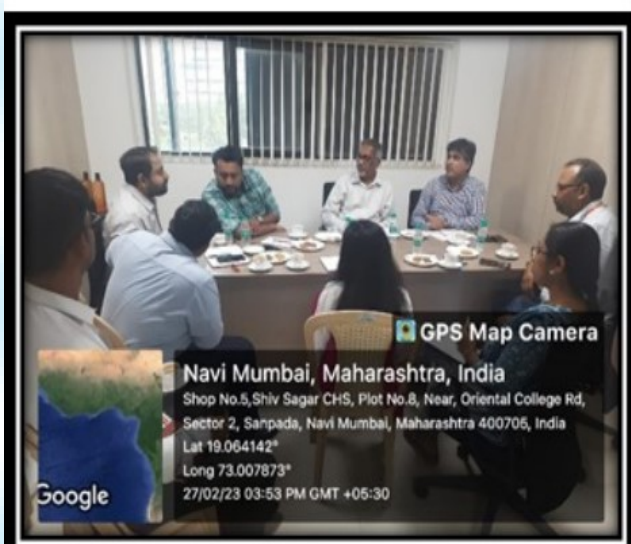

Bharati Vidyapeeth's IMIT organized a webinar for MCA students on "3D Printing Technology" on 3rd June 2022. Dr. Yogi Gandhi, CEO of USI3DT, California. This webinar was conducted to aware students about the new technology of 3D Printing. Session commenced with the brief introduction of the guests and about the 3D printing technology. Dr. Gandhi explore the various areas where the 3 D Printing is already having a great impact such as medical, civil and many more. This technology is already established firmly in US. It's still an emerging technology in India. The basic aim for conducting this seminar was to aware students about 3D printing technology which is able to give more details in less time as compared to conventional printing. The entire session was interactive, so that students can get the feel how this technology works. Students are able to see how 3D printer works and how it's end product looks. Students are also able to resolve the quarries regarding the technology.

The session came to an end with a vote of thanks proposed by Ms. Tejashree.

Manthan - 2023

MANTHAN - 2023 is the ceremonious fest organized by BVIMIT which has evolved over the years as Navi Mumbai's largest IT Festival. The two-day fest was organised this year on 14th and 15th November 2022 with "Lokmat" as printing media partner. The word MANTHAN is popularized since ancient times because of "Samudra Manthan" which has given many gems to humanity, and this is the thought behind Manthan. It is an amalgamation of entertainment, excitement, and showcasing the potential of the youth. Manthan has established itself as one of the most enthralling cultural festivals in Continuing with the tradition of providing an academically and culturally stimulating atmosphere. We tend to incline our ideas towards massive crowd, competitions, and cultural diversities which certainly gift us with a huge package of memories. Interacting with different people, trying to understand their ideologies, and working with them is the crux of the event. Every student should experience being a part of College Fest at least once during their undergraduate and post graduate studies. And here in BHARTI VIDYAPEETH we give equal opportunity to all the students to be a part of our Inter Collegiate Fest "MANTHAN". MANTHAN believes in still originality and individuality. Every student has their own areas of interest and accordingly they are assigned task. We believe in promoting creative ideas and a platform for students, to share their knowledge through MANTHAN The only aim is to motivate the students to think innovatively and to implement their ideas through the channel know as College Fest. The events which are conducted in MANTHAN can be broadly classified into the following sections:
